

Permit Control Station

Stands Out In a Group

- ❑ Group lockout scenarios get more complicated as more people are added to the process.
- ❑ It also means increased risk for accidents
- ❑ Lock boxes and corresponding paperwork go better together.
- ❑ Put simpler, it's a best practice for compliance and efficiency.
- ❑ Workers can keep equipment and documentation front and center at all times for better group lockout communication and coordination

Center of Attention

Ensure workers can easily identify documents and equipment whenever necessary by wall-mounting your station at the point of need

Keep It Together

- Pair documentation and equipment together in a single location with the 2-in-1 device construction.
- This best practice helps ensure group lockout compliance and efficiency

Snap Out of It

- ❑ Access documents or take them with during lockout validation via the quick-release case or removable clipboard.

What's In a View

- ❑ **Verify lockout permits and checklists through the clear viewing panels and always keep vital information, devices and identification on display.**

It Fits You

- ❑ **Mix and match the permit control Station with other lock systems to create your best solution.**

Lightweight and Heavy Duty

- The lightweight material lets you set up and handle with ease, while the tough, rugged design stands up to wet, dusty and damaging environments.

Designed for the way you work

What if group lockout were as regular as routine maintenance? At Brady, we offer solutions that build safety and productivity right into your work, without disrupting your unique workflow. Specially designed features of the Permit Control Station add security and efficiency at every step to make group lockout second-nature. Take a look.

Lockout hangout
11 hooks store up to three 1.5 in.- or 3 in.-shackle padlocks and keys.

Extra security
Locking tabs fully secure viewing panel and prevent key removal, regardless of lock point in use.

Easily transportable
Removable Permit Display Case and clipboard allow for easy transport during lockout.

Sizable storage
Store up to 25 US letter-size sheets of paper (8.5 x 11 in.).

Document security
Secure documents during lockout with the permit case lock point.

Wall-mountable
Fasten securely wherever you need it with easy mounting holes.

Mix and match
Pair application-specific boxes and case for the best fit in your facility.

Ops-lock visibility
Center-hanging ops lock identifies the lockout coordinator or shift manager.

Damage defender
Gasket seal with locking tabs offers water- and dust-resistance.

Colorful

- ❑ **Separate worker groups Use a red primary lockbox for authorized employees and a yellow lockbox for contractors**
- ❑ **Label corresponding boxes and accessories for specific equipment lockout**
- ❑ **Ensure lockout coordinator lock is first on and last off using the primary lock point**

**THANK
YOU**
