# Board Member Election

## Paula Wood, International Paper

Paula began her career with International Paper as a process engineer at the former IP Augusta, GA, Mill. Her career path has provided her the opportunity to hold a number of manufacturing roles at four different IP facilities. Her most recent role was Mill Manager at the Global Cellulose Fibers' Franklin, Va., Mill. In fall of 2019, Paula transitioned into her current role, Director of Global Safety Implementation. She leads a team who support safety program implementation and non-employee safety.

Paula has a Bachelor of Science in Pulp and Paper Science and Engineering from Miami University. She currently lives in Memphis, Tennessee with her husband Rob who also works in the paper industry. They have five children.
