Collapse Prevention**

# The Premier Source For Trailer Collapse Prevention

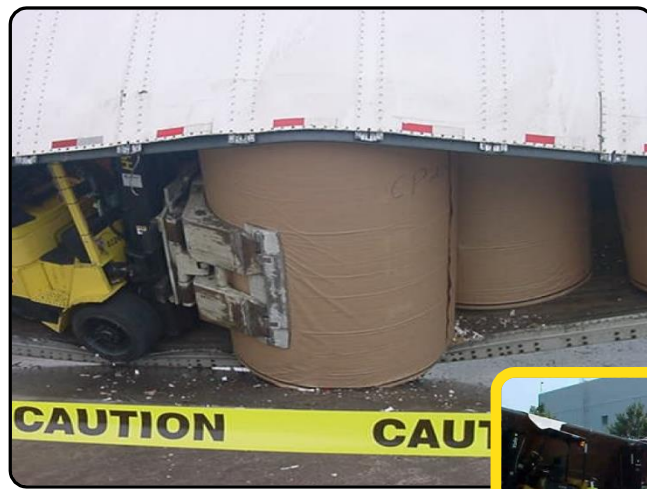

Landing Gear Failure

Asphalt Sinking

Unzippering

## Why Trailers Collapse

Although obtaining an exact count is impossible, many large companies have reported having more than 6 collapses per year.

**Solution:**  
**Any Trailer Stand**

**Separate People  
From Machines**

## Why Foot Traffic on the Approach is a Problem

People walking around the loading zone, including those who move trailer stands into place under docked trailers, have been killed or permanently injured.

## Shuntable 2.0 Trailer Stand

## Shuntable 1.0 Trailer Stand

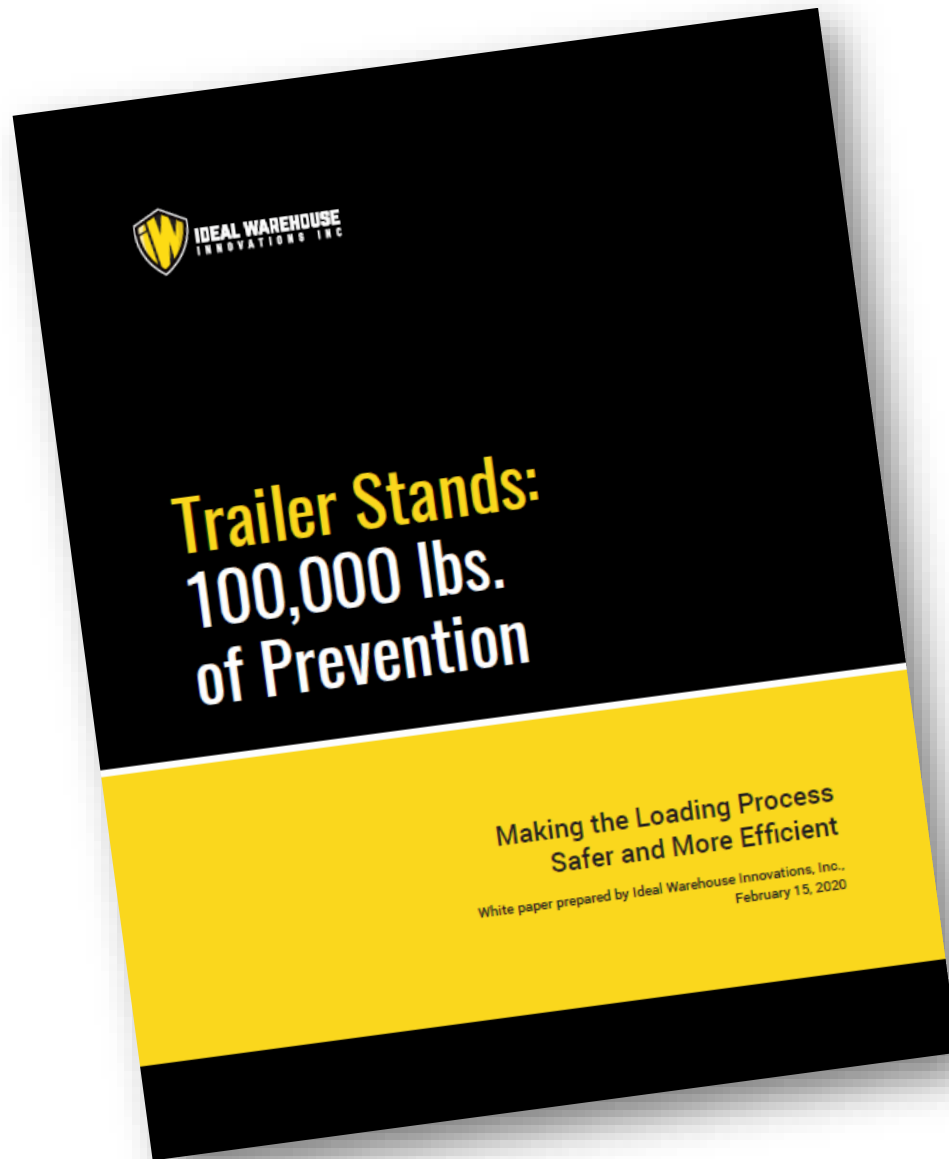

## Ground Mounted Trailer Support
