

BRINGING THE INDUSTRY HOME SAFELY

ppsa.org

“It’s great to see that companies from all over join together to find solutions to issues at their own mills and share their ideas.”

“PPSA COVERS EVERYTHING I NEED”

ABOUT PPSA

In the early 1940s, a group of safety professionals gathered together to form what is now the leading industry association focused solely on safety. This non-profit, non-political organization remains devoted to safety throughout the forest products industry. PPSA began as the Southern Pulp and Paper Safety Association, later changing the name to reflect the widening membership base. From forest products to paper mills, to converting plants, to recycle collection centers, our membership spans across all of North America. Despite changing times, trends and techniques, we have not lost sight of our founders original goals. We remain focused on promoting safety, educating our members, and bringing a higher safety standard to our industry.

PPSA MEMBER BENEFITS

PPSA Member Locations will be able to:

- Access member benefits for all employees
- Address issues that affect safety within the forest products industry
- Earn annual safety awards for their locations
- Provide safety statistics for their location and compare them with other locations throughout the industry
- Interact with other safety professionals at the PPSA annual conference
- Showcase the latest innovations within their location
- Participate on committees that directly benefit the member value of the association
- Influence and provide feedback on annual conferences, webinars and safety courses provided by PPSA
- Access the quarterly reports for the latest information within PPSA and our industry
- Participate in an open forum for professionals networking to advance common interest within safety

PPSA Member Locations will receive:

- Support service for any safety questions
- Reports with the latest safety trends, recalls and information
- Member discount rates on all PPSA events, training and materials
- All vendor members listed on the PPSA website
- Access to safety material on the PPSA website

PPSA WILL:

- Act as a source for industry safety information
- Provide educational opportunities for new and seasoned safety professionals
- Keep abreast of achievements throughout our association
- Facilitate industry surveys about various safety issues members have

JOIN PPSA:

PPSA membership is a company location-based membership. Once your specific location is approved for membership, everyone within that location will be able to utilize the PPSA member benefits.

PPSA membership is broken down into two groups, Location Members and Vendor Members. Each group receives the same member benefits and vendors are able to purchase booth space, as well as a variety of other sponsorship options, for the annual conference. Join at www.ppsa.org.

Membership adds value to companies in and related to the forest products industry. PPSA provides both its Location Members and Vendor Members with a wide range of benefits including:

- Education & Training
- Information & Resources
- Safety Updates
- Networking & Committee Activities
- Promotion of your company
- And much more

“The Annual Conference is very well organized. The information presented is very relevant to the topic and well presented.”
